Note: All sizes should be of the **actual finished blind dimensions** where the width is the exact width of the head rail and the height is the height required. (We recommend to deduct 3/8" off the inside measured width for inside mount.) Blinds will be shortened to the nearest slat. Unless otherwise specified, inside mount valances will be cut straight and 3/8" longer than the width of the blind, outside mount valances are cut mitered and 1/2" longer. All blinds come with brackets, screws, 1 or 2 centre supports if needed, invisible valance clips, valance returns and hold down brackets.

Blind Type: 2" Sandblasted Faux Wood

#	Room	Qty	Width	Height	Mount	Colour		Valance		Returns	Comments
